Farewell

Four years is a long time

—too long to forget.

We look around and ask

—where did it go?

We worked, we played

—but for four years?

Then we look the other way

—into tomorrow.

Suddenly we're not so tall

as we thought we were

And not so smart.

But we find that somehow

We learned a decisive lesson at Armstrong:

something we wouldn't have had

without the teachers and administration,

without our fellow students

—a direction into that uncertain tomorrow.

It can never be so dark again

Though the world may change

and the time change

and we change.
